

# Restoring the Temple

The vision will not disappoint

As a follow-up to last week's bulletin, the term "do-it-right" renovation includes the gathering space and drop off area as set forth in the prior campaign. It also includes the following sacramental updates: relocated confessionals, relocated and new baptismal font, a bride's room, and a chapel. The renovation will also include accessible restrooms, accessible seating, an accessible altar, and refurbished and appropriately spaced pews. This renovation will accommodate more seating. The sacramental updates were discussed at the town hall meeting in May and garnered wide support.

**Building Committee Meeting** - The Building Committee met last week. There is a concern that the longer the renovation is delayed, the more the projected costs could increase. In January we will add up the pledges and, based upon the pledges we will adjust the scope of the renovation. Then, the following pre-construction activities will commence: update construction plans based on pledges (3-4 months), seek additional approvals from the City of Grand Blanc, if necessary (3 months), and take the project out to bid for materials and labor (2 months).

We are planning to have several campaign information meetings and will provide more information next week. As you pray for the campaign, and a big thank you for your prayers, please look to the Lord for guidance about your pledge, knowing that "the vision will not disappoint."

*Lord, you have entrusted this sacred space to our care.  
Through the intercession of the Holy Family,  
Bless our efforts to sacrifice and restore your temple. Amen*
